

LERETAnet

SEAMLESS TAX SERVICE TECHNOLOGY

LERETAnet streamlines the tax experience with easy-to-use, customizable software.

Your Path to Streamlined Tax Management

- **Understand your organization's current risk**
View a summary of total risk in delinquent property taxes across your portfolio so you can make better-informed decisions.
- **Build custom reports**
Filter and export data to Excel to easily analyze, manipulate, and share information.
- **Generate instant letters and statements**
Promptly inform customers about delinquent taxes through customized, branded letters that can be exported instantly.
- **Look up agency profiles**
Quickly access detailed information on over 24,000 tax agencies nationwide.
- **Enable smart notifications**
Never miss a tax delinquency with emails alerting your team to take timely action.
- **Stay informed with agency updates**
Access the agency bulletin board for announcements of changes, delays, or unique updates impacting you and your customers.
- **Continue learning with LERETA University**
Access LERETAnet resources for ongoing training, including a video tutorial library, training environment, navigation of the system, and how-tos.
